

“For I know the plans I have for you,” declares the LORD, “plans to prosper you and not to harm you, plans to give you hope and a future.”
Jeremiah 29:11

How to contact us during the break

We will be out of the office from June 7th- June 21st, but if you have any urgent or summer school questions, please email us at info@ucachicago.org.

Summer School

Our summer school program kicks off on June 24th!

Don't miss out—there's still time to enroll your child. Secure their spot today by registering at UCAChicago.org/register. Let's make this summer a time of learning and growth! Register now at UCAChicago.org/register.

Congratulations to Our 8th Grade Students!

It is always a bittersweet experience to celebrate the graduation of our 8th grade students. We are excited to see what God has in store for their futures, and will miss connecting with them everyday during the school year. Many of our students have put exemplary effort into their 8th grade exams this year, and will attend great high schools in the fall. We're excited to announce to the schools that our 8th-grade students will be attending the next school year:

**Curie IB - Jones College Prep - Lincoln Double Honor
Lincoln IB - Muchin Noble - UIC Noble - Ogden IB
Walter Payton - Whitney Young - Air Force Academy
De La Salle**

We are so proud of your accomplishments and hard work!

Goodbye, Moody Students!

Recently, we said goodbye to many of our students from Moody Bible Institute who are returning home for summer or serving the Lord on internships across the globe. Throughout the school year, we have been blessed by the presence of these students and pray that the Lord would continue to use them and grow them throughout their summer breaks. We look forward to seeing many of them return to UCA in the fall.

Parent Workshops

Our dedication to meeting the educational needs of our students and families within the community, UCA hosted alongside Urban Voice Church and NewLife Church, a parent workshop. During these workshops, both UCA parents and community parents gather to receive education on various topics. This month, parents had the opportunity to explore "Media Literacy," where they learned essential skills to discern truth from falsehood, rumors, or opinions on platforms like WeChat, TikTok, and Twitter. As well as "Beyond Report Card," which aimed to provide parents with insights into the social and emotional aspects of children's developmental milestones, emphasizing their equal importance alongside academic achievements. This included discussions on cultural and mental health challenges. These workshops have been an excellent time of fellowship, growth, and learning. We welcome your input for our next workshop.
