# Sponsor a Student

Help change one life at a time.

At UCA, one of our greatest goals is to provide families with the most affordable program possible. We believe every child deserves a safe learning environment with attentive teachers who show them they are deeply loved and cherished without placing a financial burden on their families. Our program is designed to foster growth, learning, and connection in a nurturing setting.

With your help you can support...

- \$25 Special Meal
- \$50 Field Trip Excursion
- \$160 One week of Summer School

Any amount is gladly accepted and will go directly toward supporting a child in our program. You can click the DONATE button or use the other options above. Please add "Sponsor a Student" in the description box.

Each person that gives...

Receives a hand written note directly from a student that was impacted. Our students lives are important and so are you.
